

FOAM HEEL PROTECTORS

Product #	Size	Foam Type	Unit Quantity
AL-49551	Universal	Standard	Pair

If keeping heel protectors on your patient is a problem, the SUPER-SIZE FOAM HEEL PROTECTOR is the solution. Available in both standard and convoluted foam, the oversized design and secure hook-and-loop closure make these heel protectors difficult to kick off. No matter which style foam you choose, your patient is assured of superior pressure relief and anti-decubitus protection.

EASY APPLICATION

Just place patient's foot inside the protector as shown above. Secure the hook-and-loop closure to provide a snug, secure fit. Do not overtighten.
