

AL-82381

Portable Stadiometer

- Simple and easy to set up
– no wall fastening necessary.
- Large floor plate ensures stability.
- Result clearly visible while measuring.
- Convenient and easy to transport.

The convenient mobile method of measuring height.

The stadiometer AL-82381 is especially suitable for mobile use, e.g. for measuring children and teenagers in the course of medical examinations in schools, for use by health care providers on the move. It is also ideal for doctor's surgeries and hospitals specializing in child and adolescent medicine. Furthermore, the AL-82381 is suitable for measuring patients lying down. Once taken apart, the stadiometer is easy to transport anywhere.

Simple and quick to set up
– no wall fastening required.

The measuring rod AL-82381 can be dismantled into several pieces can be set up easily and quickly. It is mounted on the floor plate in no time at all. Further fixation, e.g. by means of a wall fastening, is no longer necessary.

Two large windows and double-sided scale for easy readout.

Large platform for stability.

Flexible positioning due to large floor plate.

The stadiometer AL-82381 can be used anywhere because the large floor plate provides the necessary stability. The stadiometer AL-82381 is therefore the ideal piece of equipment for all those who require reliable measuring instruments at frequently changing locations.

Integrated handle and secure catches on all individual parts for transport ease.

Carrier bag for convenient transport.

Precise reading of results.

Adjusting the smooth-running measuring slide is extremely easy due to the large head plate. A further sophisticated detail is that, as the scale is printed along the side of the measuring rod, it is easy to read off the result while measuring, thus guaranteeing precise results – up to a height of 81".

Convenient and easy to transport.

Practical: the stadiometer AL-82381 is easy to take anywhere not only because it can be dismantled in no time at all but also because it has a practical, integrated handle.

AL-82381

Technical Data

- Measuring range: 8 – 81" / 20 – 205 cm
- Graduation: 1/8" / 1 mm
- Dimensions, stadiometer (WxHxD):
13.3 x 83.9 x 23.2" /
337 x 2,130 x 590 mm
- Dimensions, for transport (WxHxD):
13.3 x 7 x 24.6" / 337 x 177 x 624 mm
- Device weight: 5.3 lbs / 2.4 kg
- Optional: carrying case
