

Diagnostix™ 3.5v Desk Set

Diagnostix™ Desk Charger

Desk charging station for two Diagnostix™ rechargeable handles. Included reducing sleeve allows use with smaller “AA” sized handles. Colored LED’s indicate power to the unit and charging state. 24hr charging time. Storage compartment will accommodate a small selection of specula or spare lamps. Includes wall mount bracket for permanently mounting to wall or cabinet. Compact and portable.

Illumination – Lots of options.

Our 3.5v instruments are available with either Halogen/Xenon or state of the art LED lighting for the ultimate performance.

Halogen/Xenon combines the best of both inert gas technologies providing a bright white light (3200k color temperature) with cooler operating temperatures.

But it is our 3rd generation LED technology that takes lighting to a whole new level.

Our new AdLED™ provides near perfect performance with a color temperature of 4200k, 17,000 lux, a > 90 color rendering index (CRI), and a life expectancy of 100,000 hours (compared with 20-30 hours for Halogen). In fact, when combined with our Li-ion battery technology it extends performance to levels never before achieved in an EENT instrument.

Otoscopes

Diagnostix™ 3.5v Otolaryngoscope Instrument Head

- Fiberoptic light transmission for an unobstructed view
 - Optical glass reduces reflection and provides 3x magnification
 - Bidirectional swivel lens allows instrumentation
 - Insufflator fitting for pneumatic otoscopy
 - Compatible with Welch Allyn specula
 - Instrument head uses universal bayonet mount for compatibility with other brands of 3.5 volt power supply handles
 - Anti-theft locking feature is standard
 - Choose from Halogen/Xenon or advanced LED illumination
 - Manufactured in Germany, inspected and packaged in the U.S.A.
 - 2 year warranty on instrument
 - Lifetime on LED lamp
- (Specify “X” for Halogen / Xenon, or “L” for LED)

Ophthalmoscopes

Diagnostix™ Coax 3.5v Ophthalmoscope Instrument Head

- High performance aspherical condenser lens reduces corneal reflection
- Ergonomic design and integral thumb rest improves stability and allows one finger control of all functions
- Synthetic rubber brow rest facilitates use with practitioner eyeglasses
- Dust proof
- Magnified/illuminated aperture viewing window
- Instrument head uses universal bayonet mount for compatibility with other brands of 3.5 volt power supply handles
- Anti-theft locking feature is standard
- Choose from Halogen/Xenon or advanced LED illumination
- 2 year warranty on instrument
- Lifetime on LED lamp

Coax Ophthalmoscope features

- 29 viewing lenses from -35 to +40 (Plus) 1-10, 12, 15, 20, 40 – (Minus) 1-10, 15, 20, 25, 30, 35)
- 24 aperture/filter combinations for improved versatility

Adtronic™ Light control

Our 3.5v instruments really shine. Our patented Adtronic™ electronic rheostatic light output control provides infinite, continuously variable control - electronically. And because it's electronic we could build in an auto off feature after 2 minutes to further conserve battery strength and lamp life.

Comprehensive Warranties

Like all ADC warranties, our Diagnostix™ brand EENT instrument warranties are the industry's most comprehensive.

- Diagnostix™ 3.5v instrument heads, handles, and desk charger are warranted for 2 years.
- Diagnostix™ AdLED™ lamps are warranted for LIFE.
- Special Medical student warranty: Diagnostix™ 3.5v portable set warranties are covered through the second year of residency.
