

## OVERVIEW

**Standard Duty Tilt Trucks (AL-84528)** are industrial strength, save time, effort and money when moving bulk items. Used for robust trash collection, part movement, wood or metal chips, bulk powders, solids, slurries, and food products. The perfect truck for collection, transport and dumping of any bulk or waste material in offices, warehouses, factories, sport arenas, hospitals, and construction sites.

## STANDARD FEATURES

- The large capacity body has an ergonomically designed slanted front for easy dumping.
- Body is rotationally molded as a one-piece seamless unit from high quality polyethylene resin and latch attached to frame.
- Frames are constructed from rust resistant powder coated tubular steel for extreme strength and durability.
- Equipped with steel base, top ring, vertical frame, side supports, front, back, and upper lip reinforcement, plus push a bar.
- Large wheels and rear swivel casters allow easy quiet movement over most all hard surfaces and tight, narrow spaces.
- High quality 3" or 4" plate casters and 10" or 12" heavy duty wheels.

## FEATURED OPTIONS

- Vinyl Fabric Trash Cap.
- Hinged Rigid molded tops.
- Fork Pockets.
- Towable Base upgrade.
- Replacement liners and frames.
- Replacement casters and wheels.
