

#### Product Description:

- Respiratory Hygiene Station - Locking
- Holds two boxes of face masks, one or two boxes of facial tissues or one box of gloves, and one hand sanitizer dispenser
- Hinged locking lid
- Keyholes and screw holes for wall mounting or can be mounted to a floor stand
- Quartz Beige ABS Plastic

#### Primary Area for Product Usage:

- All ports of entry
- Anywhere respiratory hygiene products are needed

#### Dispenses:

- Left: Dispensing unit no larger than 8.50"W x 14.75"H x 5.00"D (21.6 cm x 37.5 cm x 12.7 cm)
- [Note: Refer to automatic dispensing specifications on detection distance requirements.]
- Middle: Box(es) no larger than 8.00"W x 4.88"H x 4.75"D (20.3 cm x 12.4 cm x 12.1 cm)
- Right: Box(es) no larger than 5.50"W x 9.75"H x 4.75"D (13.7 cm x 25.4 cm x 12.1 cm)

#### Package Specifications:

- Package Quantity: 1 per case
- 24"L x 16"W x 6"H (61.0 cm x 40.6 cm x 15.2 cm)
- 5.0 lbs (2.3 kg) - approximated

#### Product Specifications (overall external dimensions):

- 22.25"W x 14.85"H x 5.00"D (56.5 cm x 37.7 cm x 12.7 cm)
- 2.7 lbs (1.2 kg) - approximated

#### Mounting Specifications:

#### Accessories (shown below, each sold separately):

- Sign Holder - Vertical - Respiratory Hygiene Station
- Sign Holder - Horizontal - Respiratory Hygiene Station
- Floor Stand - All Steel (Quartz Beige)

## Installation

Always mount dispensers securely *prior* to loading with product.

- Attach the hand sanitizer dispenser first.
- Do NOT load sanitizer until after dispenser is mounted to a wall or stand.

- Mount securely to a wall with screws approved and supplied by building maintenance.
- It can also be mounted to a Floor Stand (sold separately).

### Parts included:

- Dispenser

### Tools Required:

- No tools required to assemble dispenser

## Care and Construction

ABS Plastic

### Material Characteristics

#### Designed for Long-Term Heavy-Duty Applications

The combination of copolymers (Acrylonitrile, Butadiene, and Styrene) gives ABS an excellent combination of strength, rigidity, and toughness.

ABS is chemical and stress-crack resistant. It is tough, dimensionally stable, and will hold up to long-term use. It possesses high strength and performance characteristics at a reasonable cost.

### Care and Cleaning

Use mild soap and water to clean. Petroleum-based oils, solvents, and paints should not be used.

Standard hospital cleaning supplies can be used.

- Mount securely to a wall with screws approved and supplied by building maintenance.
- It can also be mounted to a Floor Stand (sold separately).

### Parts included:

- Dispenser

### Tools Required:

- No tools required to assemble dispenser

## Care and Construction

Fauxwood ABS Plastic

### Material Characteristics

#### Designed for Long-Term Heavy-Duty Applications

The combination of copolymers (Acrylonitrile, Butadiene, and Styrene) gives ABS an excellent combination of strength, rigidity, and toughness. The fauxwood finish is ARVINYL laminate created from a semi-rigid film.

ABS is chemical and stress-crack resistant. It is tough, dimensionally stable, and will hold up to long-term use. To ensure product longevity, fauxwood products should not be mounted in very hot or cold areas.

Our fauxwood material is engineered to have a natural grain appearance both in Cherry and Maple finishes. The two color choices provide a visually appealing, upscale option to any area.

### Care and Cleaning

*Signature Series* products can be cleaned with standard hospital cleaning products. Petroleum-based oils, solvents, and paints should not be used. Standard hospital cleaning supplies are approved for use on our fauxwood products.

## Care and Construction

### Powder-Coated Steel

#### Material Characteristics

#### Designed for Long-Term Use

Our steel dispensers and stands are coated with polyester powders which makes them highly resistant to corrosion.

Powder-coated steel is ideal for dispensers used in a healthcare or an industrial setting because it is impact resistant and is not effected by extremes in temperature.

Dispensers and stands made of powder-coated steel are both attractive and functional, providing years of service.

#### Care and Cleaning

The powder coated finish resists common chemicals and cleaning agents and can be easily wiped clean with soap and water.
