Product Description:

- Face Mask Dispenser - Earloop Style
- Holds one box of earloop style face masks
- Keyholes for wall mounting
- White Powder-Coated Steel

Primary Area for Product Usage:

- Anywhere protective equipment is needed

Dispenses:

- Box(es) no larger than 7.50"W x 6.25"H x 4.00"D (19.1 cm x 15.9 cm x 10.2 cm)
- Box(es) no smaller than 7.25"W x 3.75"H x 3.75"D (18.4 cm x 9.5 cm x 9.5 cm)

Package Specifications:

- Package Qty 12 per case
- 14"W x 12"H x 9"D (35.6 cm x 30.5 cm x 21.6 cm)
- 11.0 lbs (5.0 kg) - approximated

Product Specifications (overall external dimensions):

- 7.56"W x 4.25"H x 4.13"D (19.2 cm x 10.8 cm x 10.5 cm)
- 0.7 lb (0.3 kg) - approximated

Mounting Specifications:

Related Products (each sold separately):

- AL-89813-T: Face Mask Dispenser - Tie Style (shown below)
- AL-89813-S: Face Mask Dispenser - Shield Style

Installation

Always mount dispensers securely *prior* to loading with product.

- Custom fit sizing with short flanges mean there is maximum exposure of the box.
- Boxes may dispense from the top or front as fit provides.

- Mount securely to a wall with screws approved and supplied by building maintenance.

Parts included:

- Dispenser

Tools Required:

- No tools required to assemble dispenser

Care and Construction

Powder-Coated Steel

Material Characteristics

Designed for Long-Term, Heavy-Duty Applications

Dispensers and stands made of powder coated steel are both attractive and functional, providing years of service. Our powder coated steel dispensers and stands provide long-lasting products that hold up well in tough environments.

Powder coated steel is ideal for dispensers used in a healthcare or an industrial setting. It is impact resistant and is not effected by extremes in temperature.

Care and Cleaning

The powder coated finish resists common chemicals and cleaning agents and can be easily wiped clean with soap and water.

- Mount securely to a wall with screws approved and supplied by building maintenance.

Parts included:

- Dispenser

Tools Required:

- No tools required to assemble dispenser

Care and Construction

Powder-Coated Steel

Material Characteristics

Designed for Long-Term, Heavy-Duty Applications

Our steel dispensers and stands are coated with polyester powders which makes them highly resistant to corrosion.

Powder-coated steel is ideal for dispensers used in a healthcare or an industrial setting because it is impact resistant and is not effected by extremes in temperature.

Dispensers and stands made of powder-coated steel are both attractive and functional, providing years of service.

Care and Cleaning

For best results, clean by washing the surface with a diluted solution of a mild, non-abrasive detergent in cold or warm water and a non-abrasive cloth. Standard hospital cleaning supplies can be used.

Dry with a soft cloth. Do not use any solvent-based materials, abrasives (e.g. Scotch-brite, steel wool), or apply excessive force during cleaning.
