Always mount dispensers securely *prior* to loading with product.

- Mount securely to a wall with screws approved and supplied by building maintenance.

1

- Dispenser can be mounted onto a door or wall hanger through the cutout in the back.

2

Parts included:

- Dispenser

Tools Required:

- No tools required to assemble dispenser

Care and Construction

ABS Plastic

Material Characteristics

Designed for Long-Term, Heavy-Duty Applications

The combination of copolymers (Acrylonitrile, Butadiene, and Styrene) gives ABS an excellent combination of strength, rigidity, and toughness.

ABS is chemical and stress-crack resistant. It is tough, dimensionally stable, and will hold up to long-term use. It possesses high strength and performance characteristics at a reasonable cost.

Care and Cleaning

Use mild soap and water to clean. Petroleum-based oils, solvents, and paints should not be used.

Standard hospital cleaning supplies are approved for use on our ABS plastic products.
