Chrome plated 16 and 17 gage welded tubular steel column and base. 13 gage stamped steel support bracket.

Casters
1 1/2" twin wheel

Base
U-base for easy use with chair.

ALCO's Automatic Overbed Tables Model 45039 & 45040 are economical, easy-to-use units for nursing home, hospital, and home convalescent needs.

Table top raises with the slightest upward pressure, lowers with a touch of the convenient trip lever, and locks automatically into position with ALCO's spring loaded mechanism.

The 45040 features a welded "U" base with the casters mounted at the extreme points on the legs for maximum stability. The 24" open area between the legs will accommodate most patient room seating to provide the seated resident with convenient access to the table.

A wide variety of high pressure laminate tops are available to complement your room decor and remain attractive throughout years of use. They are designed to resist damage by alcohol, boiling water, food acids, or ink spills.

Weight
27 lbs. Cube 1.1. UPS shippable.

Shipping
One table per carton, knocked down. Table easily assembled with four bolts.
