

AL-50363

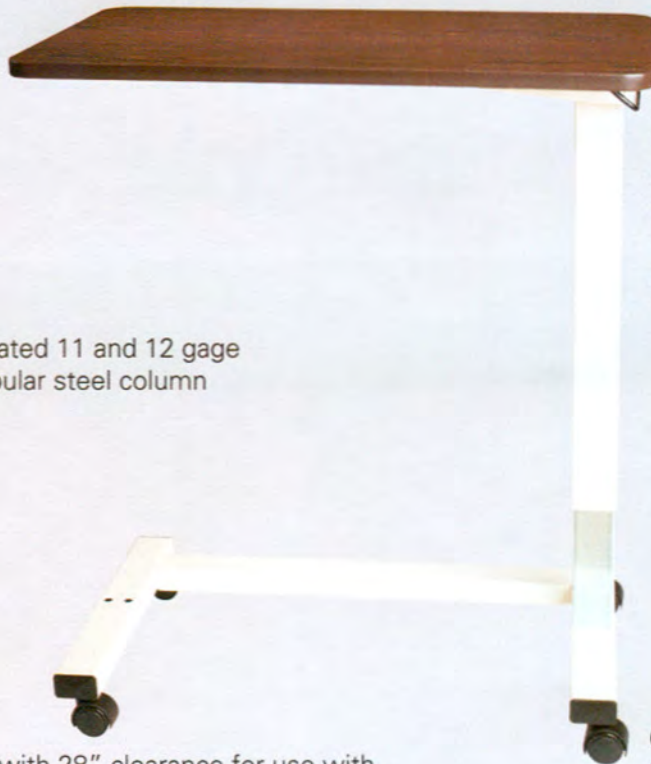

Gas Cylinder Overbed Table / AL-50363

Acute Care Tables

AL-50363**Top**

Walnut wood grain high pressure laminate on 3/4" particle board core. Flush mounted vinyl T-mold. 18"W x 32"L.

**Frame**

Powder coated 11 and 12 gage welded tubular steel column and base.

Height

Gas cylinder lift mechanism adjusts height between 30"-45" smoothly and quietly.

Base

Heavy duty U-base with 28" clearance for use with chair/wheelchair. 1 1/2" x 2 1/2" tubular steel. Column mounts on right or left side.

Casters

2" twin wheel

The **ALCO** patented gas cylinder overbed table combines smooth, quiet raising and lowering with superior strength and durability.

The top automatically raises with the slightest upward pressure on any point under the table, lowers with a simple touch of the trip handle.

The extra heavy duty "U" base has 28" of inside clearance to accommodate most wheelchairs, geri-chairs, and patient room seating. The large 18" x 32" top surface provides for plenty of room for eating, reading, or any activity and will support up to 100 pounds evenly distributed.

The optional pullout vanity, Model 8400, features two compartments with hinged acrylic mirrors.

A variety of optional high pressure laminate tops are offered to complement your room decor and remain attractive for years of service. They are designed to resist damage from spills of alcohol, boiling water, food acids, or inks.

Weight

59 lbs. Cube 2.8. UPS Shippable.

Shipping

One table per carton, knocked down. Table easily assembled with four bolts.
