

Blood-Drawing Chair

Blood-Drawing Chairs combine functional design with quality and durability. The collection offers functionality, comfort and convenience for both your patients and your staff.

- All blood-drawing chairs feature an adjustable-height, flip-up, steel reinforced, contoured urethane armrest for optimal comfort, easy access, and added safety.
- High-impact, leveling feet provide stable seating on almost any surface.
- Manufactured with sturdy, powder-coated steel frames for maximum strength and years of trouble-free service.

This collection offers an array of features and options to meet your application and patient treatment needs.

BASIC BLOOD-DRAWING CHAIR (Call)

Economical and extremely sturdy; Basic Blood-Drawing Chairs feature a durable plastic resin seat, adjustable armrests, and non-marring leveling feet. A clean and simple design that stands up to years of use.

XL BLOOD-DRAWING CHAIR (AL-75630/AL-56533XL)

In addition to adjustable armrests and high impact leveling feet our XL Blood-Drawing Chairs feature a 24-inch wide padded seat, and are designed with added weight capacity to safely accommodate patients up to 450 lbs.

VERSATILE STORAGE CABINET

High impact aluminum & plastic storage cabinet with a slotted drawer and a contoured urethane armrest are included on blood-drawing chair models AL-75630 in our Phlebotomy Collection.

DESIGNER BLOOD-DRAWING CHAIR (Call)

Designer Blood-Drawing Chair can easily be adjusted up or down based on the height requirements of the phlebotomist, doctor, nurse or clinician. Additionally, our Designer Blood-Drawing Chair also features a footrest with a no-slip grip and is available with an optional side tray.

** Shown with optional side table*
