AL-61197

Digital Wheelchair Scale with Wireless Transmission

EMR integrated

- Network-capable with 360° wireless technology.

- High capacity, up to 800 lbs.
- Flat platform with self-lowering ramp.

- Two fold-away ramps included.

- Easy-to-fold and transport.

Real comfort with maximum safety.

Safety, functionality and aesthetic design – the sets the standard in medical weighing. Specially designed for weighing wheelchair patients in rehabilitation centers, nursing homes, hospitals and in dialysis centers, this scale provides both its users and patients maximum comfort and safety.

High capacity and easy to mount ramp.

With the scale's load-bearing capacity of 800 lbs, weighing even heavy wheelchair patients is effortless with the AL-61197. An extremely flat platform with an automatically lowered ramp ensure that the scale is easy to mount. The firmly installed side rails and a black ribbed rubber surface are additional safety features.

Integrated pre-TARE function.

With the pre-TARE function, the weight of the wheelchair can first be stored. Then, at the touch of a button, the weight of the wheelchair can be deducted from the total weight of the patient and wheelchair, thus automatically calculating the weight of the patient.

Paperless and error-free wireless transmission of measurements.

With the 360° wireless technology, the AL-61197 can transmit measurements to the optional 360° wireless digital printer. With the network-capable analytics software and USB adapter, your PC can receive and analyze measurements. The AL-61197 is EMR-integrated and ready to handle all the demands the future will bring.

AL-61197

Technical Data

- Capacity: 800 lbs / 360 kg
- Graduation: 0.1 lbs / 50 g
- Dimensions (WxHxD): 43.4 x 35.9 x 45.3" / 1,102 x 912 x 1,150 mm
- Dimensions/platform (WxHxD): 31.5 x 2.2 x 38" / 800 x 55 x 965 mm
- Weight: 73.6 lbs / 33.4 kg
- Power supply: power adapter, rechargeable batteries
- Functions: TARE, pre-TARE, HOLD, auto-HOLD, BMI, auto-CLEAR, lbs/kg switch-over, damping, automatic switch-off, SEND/PRINT
- Included: Two fold-away ramps
- RS232 compatible
- System compatible with: 360° wireless digital printer advanced, 360° wireless digital printer, 360° wireless USB adapter, software analytics and emr flash, stadiometers

The platform's side rails keep a wheelchair safe and secure.

The AL-61197 simply folds up and moves easily across the floor on casters.
