small spine

**Y**  
large spine

**Z**  
knee-shoulder

- simple, effective method of applying 30 minutes of therapeutic moist heat
- soothe discomfort from stiff neck, backache, arthritis, sprains and bruises
- heat pack in water on stove, microwave, or hot pack heating unit
- when treatment is complete, store pack in a plastic bag in freezer
- always apply moist heat pack with a Relief Pak® cover or a heavy towel
- washable covers allow moist heat to pass without burning the skin;
- hook and loop fasteners on covers keep heat packs in place
- all-terry covers conform more easily to each treatment area; foam-filled covers are more economical
