

**Med-Aire Plus 8" Alternating Pressure and Low Air Loss Mattress System with 10" Defined Perimeter**

**AL-65539**

FIGURE A

- Active combination therapy system provides both alternating pressure and low air loss to optimize pressure redistribution, shear/friction reduction, and microclimate control
- Designed to prevent, treat and heal pressure ulcers in the home or long term care setting
- Digital control unit offers 4 cycle times and adjustable comfort weight settings for optimal immersion and patient satisfaction
- 3 diagnostic audio and visual alarms alert for issues with air pressure, the system, or power
- 10" deep static perimeter tubing surrounds the length of the mattress preventing patient falls or entrapment
- Pillow feature provides head stability & comfort
- Advanced Clinical and Care Giver Features: Auto-Firm, Seat Inflate, microprocessing feedback, lock-out and more!
- Cell-on-cell designed air cells prevent "bottoming out" and provide up to 24 hours of power outage protection
- 8" deep air cells are easily removed with quick disconnects for convenient servicing
- Removable 4 way stretch PU cover is fluid resistant, low shear and vapor permeable helping protect the skin from friction and moisture
- CPR valve allows for rapid deflation
- Tubing quickly and easily disconnects with EZ Lock/Quick Release design
