

DuraGlo™ Momentary Call Cords

DuraGlo is the only call cord in the industry with glowing bands to help your residents locate their call cord in dark rooms! DuraGlo requires no power to glow – it works with most nurse call systems. DuraGlo can glow for up to 4 hours in total darkness, depending upon the light source used and the length of time exposed, and will recharge with every exposure to a light source. Best of all, DuraGlo was built on the same solid platform as our popular DuraCall call cords.

Specifications

ELECTRICAL

Max voltage rating: 28VAC/DC

OXYGEN SAFETY: Meets UL 1069 Requirements

LATEX INFORMATION: This Product is Latex Free

MECHANICAL

Button Life: >1,000,000 cycles

Switch Type: Normally Open SP/ST

SIZE MEASUREMENTS (PENDANT)

Height: 2.75"

Width: 1.625" (at widest point)

WARRANTY: 2 years
