40"

Bariatric Overbed Table / AL-67734

Acute Care Tables

AL-67734

Extra Support
Added steel reinforcements for added strength

Oversized Top

- 18" x 40" top reaches beyond the middle of Bariatric beds
- Structurally reinforced with a tubular steel welded frame
- Frame extends virtually the entire length of the table

Casters
2" twin wheel casters provide smooth maneuvering

Base Design and Function

- Extra wide 35" inside clearance to allow use with most Bariatric chairs.
- Structurally reinforced to meet the higher strength requirements.
- Height adjustment range between 30 1/2" to 45 1/2" with a strong positive lock in 1" increments.
- In a locked position, column supports a static load of up to 500 lbs., evenly distributed over the top surface.
- Opal powder coated base and column

Specifications:

Height: High 30 1/2"
Low 45 1/2"

Cube: 3.0

Weight: 75 lbs.

Options and Upgrades:

- Alternate base finish options
- Alternate high pressure laminate colors

Top Surface: 18" x 40"

Weight Capacity: 500 lbs.

***Five times more weight capacity than the leading overbed table!**
