MadaCide-FDW-PLUS Disinfecting/Deodorizing/Cleaning Wipes are effective against the following pathogens in 2 minutes at 20°C/68°F, on hard, non-porous surfaces when used as directed:

Trichophyton mentagrophytes (Athlete's foot fungus)

Areas of Use:

hospital intensive care units ambulance newborn nursery orthopedics patient rooms medical offices dental offices veterinary facilities janitorial

emergency medical triage emergency medical services nursing facilities respiratory therapy health care physical therapy exam rooms kitchen other similar areas

PREPARATION OF DISPENSER: Remove cap, pull out lid, twist into a point and thread through the top hole of the lid cover. Pull wipe through about one (1) inch of the container, securing a secure fit. Pull out first wipe at angle. Remaining wipes feed automatically for next use. Wipe cap after each use to insure moisture reserve.

160 Pre-Saturated Wipes (6" x 6.75")
