

Improve Safety with New Hospital-Grade Replacement Power Cords from ALCO

Designed specifically for connecting medical equipment to grounded hospital-grade AC outlets, ALCO hospital-grade replacement power cords meet facility compliance standards, protect patients and staff, and make flexible, reliable connections in healthcare environments.

Features:

- Tested to ANSI/UL 62 and 817 and CAN/CSA C22.2 no. 21 and 49 to ensure safe, reliable power
- C13 female connector and NEMA 5-15P-HG hospital-grade plug
- Rated to 125V and amperages of 10A, 13A and 15A
- Available in lengths from 3 to 25 ft.
- Select models have clear connectors for easy visual inspection of internal construction
