AL-85715	Infinity Pillow	16" x 22" x 4"	Each

Purpose:

This multi-purpose pillow has infinite uses. It can be used in the bed under your head or under the heels for off-loading to prevent and treat pressure sores. One can use it for side-lying positioning or under the knees. Children can use the pillow on the floor to sit on. It can also be used as a cushion on any wide chair.

Construction:

The versatility and comfort of this cushion is enhanced by its unique construction. There is an inner core of soft, polyether foam that is encased with a high quality, 3/4" visco elastic foam. The inner core contributes to stability and the outer visco elastic foam greatly enhances comfort. The combination will conform to any body shape that it is in contact.

The outer cover is a double-stretch fabric that improves comfort by stretching in consonance with the skin. The material is water-proof and can be easily wiped clean with any standard cleaner.

Easy to Use:

Place under the knees, ankles, arms or as a side lying cushion. It can be used as a seat cushion that will accommodate a 22" wide width. It can also be used under the head while reading in the bed.

Easy Care:

The medical grade, double stretch cover can be wiped clean with a spray and wipe cleaner or with soap and water. Do not use un-diluted chlorine and do not immerse in water or launder.
