

AL-85734

Digital Flat Scale with
Bluetooth Interface
and High Capacity

 Bluetooth[®]

- Solid steel frame, up to 440 lbs capacity.
- Non-slip rubber base for safe standing during measuring.
- Large LCD figures for easy reading.
- Step-off function for weighing without switching scales.
- Transmits weight via Bluetooth[®].

High capacity digital flat scale for individual patient use.

The AL-85734 has a Bluetooth interface to transfer the Auto-HOLD value automatically to an external device. The scale offers a high capacity of up to 440 lbs and an extra wide platform. The tough rubber coating takes the heaviest challenges lightly and the flat construction makes stepping on very easy.

A scale of sturdiness – with a touch of elegance.

Thanks to its solid steel frame, the AL-85734 can withstand 440 lbs and features large LCD figures for easy reading. Furthermore, its extra-wide surface and flat shape facilitate trouble-free weighing of heavyweight patients.

Pleasant and comfortable weighing.

All platforms are not created equal. This weighing platform has a high-quality, two-component nubby material which is soft like rubber and pleasant to the touch. But don't be fooled – this material is also tough. It fulfills two requirements at the same time: pleasant weighing and an easy-to-clean surface that stands up to all commercially available cleaning and disinfecting products.

Paying attention to details.

Weight and girth are no problem for the AL-85734. You don't even have to bend over to switch it on, thanks to the unique step-off function. An issue with many scales is the display. Thanks to the 1.1 inch-high LCD figures, it is extremely easy to read the measurements.

High-quality, two-component nubby material feels as soft as rubber.

Big LCD figures. For easy reading.

AL-85734

Technical Data

- Capacity: 440 lbs / 200 kg
- Division: 0.2 lbs / 100 g
- Dimensions (WxHxD):
17 x 1.9 x 14.7" / 433 x 47 x 373 mm
- Weight: 6.3 lbs / 2.9 kg
- Functions: auto-HOLD, step-off, lbs/kg switch-over, tip-on automatic switch-on, automatic switch-off
- Parts to be delivered:
4 AAA batteries,
4 extension feet for carpets
- Transmits weight via Bluetooth®
