

Your One Call For Healthcare Telephones

Your job relies on clear, productive communication. That's why ALCO engineers their healthcare phones to the highest standards for reliability, durability and safety you can trust for your patient rooms, nursing stations, common spaces and executive offices.

Discover the ALCO Advantage: Your One Call for trusted, affordable telephones for hospitals, nursing homes and long-term care facilities.

- Customizable to fit your environment
- Programmable service keys for direct-dial options
- General purpose phones for back office
- Affordable economy solutions for patient rooms and lobbies
- One-piece models for beside or bedrail mounting
- OneTouch voice mail retrieval technology
- Hearing Aid Compatible (HAC) and ADA Compliant
- Red Emergency phones for desk or wall mount

Reduce Turnover Costs

Install our economy patient room phones, then send them home with the patient or family to reduce cross-contamination, cleaning, and repair costs during patient rotation.

Emergency Hotline Phones

Industry standard desk or wall-mount emergency phones are designed for hotline or speed dial alert locations. Built sturdy to operate in the most demanding environments.
